COMPANY OVERVIEW

IBIZ Digital Solutions LLC is a founder-led, SAM-registered small business based in Lawrenceville, Georgia, specializing in AI governance, cybersecurity readiness, and digital modernization for government agencies and regulated organizations. As organizations rush to adopt AI, few are implementing it with the right guardrails. IBIZ fills that gap, helping clients move from AI interest to practical, governed implementation, backed by the risk frameworks and compliance alignment that defense and regulated environments demand.

CORE COMPETENCIES

- **AI Governance & Risk Management:** Responsible AI implementation aligned to NIST AI RMF, reducing compliance risk in regulated environments
- **AI Advisory & Strategy:** AI adoption roadmaps with clear, measurable ROI frameworks
- **CMMC 2.0 Compliance Consulting** (Emerging Practice)
- **Cybersecurity Risk Assessment & Remediation**
- **Secure AI Workflow Integration & Automation**
- **Digital Modernization:** Secure cloud architecture, migration, and legacy system modernization
- **Business Process Audit & Analysis**

DIFFERENTIATORS

- **AI + Cybersecurity Convergence:** A rare combination of AI governance, cybersecurity readiness, and CMMC compliance expertise under one roof
- **Niche Lane:** Positioned at the intersection of AI readiness and cybersecurity compliance, a space few firms occupy
- **Industry Proximity:** Immersed daily in the cybersecurity training and certification ecosystem through SANS
- **Credential-Backed:** Active certification path — GAIL, SecAI+, Security+, and CMMC RP
- **Agility & Speed:** Founder-led decision-making and rapid, tailored deployment for each client's unique needs
- **Teaming-Ready:** Built to complement primes' engineering and delivery capabilities as a teaming or mentor-protégé partner
